PROFESSIONAL SUMMARY

B.Tech Information Technology graduate with proficiency in Python, SQL, Excel and a solid foundation in programming and database management. Demonstrates strong analytical and problem solving skills through hands on academic work. Seeking entry level opportunities in software development, IT services or backend related roles.

TECHNICAL SKILLS

Programming Languages : Python, SQL

Concepts : OOP, Rest API, CRUD Operations, Debugging, SDLC Basics

Database : MySQL, Oracle, PostgreSQL

Tools : Git, GitHub, Power BI, Excel

INTERNSHIPS

Python Intern – Twincord Technologies Pvt. Ltd.

- Learned Python fundamentals including variables, loops, functions and file handling
- Practiced Python programming by working on basic tasks and structured datasets
- Gained understanding of debugging and basic software development concepts
- Improved problem solving skills through hands on Python practice

PROJECTS

Lost & Found Portal

Tools & Technologies : Python, Fast API, PostgreSQL

- Developed a Lost & Found web application using Python, FastAPI and PostgreSQL to help users report, search and manage lost and found items.
- Implemented user authentication and role based access control to provide separate functionalities for users and administrators.
- Developed REST APIs for adding, updating, searching and managing lost and found item records.
- Integrated PostgreSQL database for storing user information, item details and application data with efficient CRUD operations.

Restaurant Reservation System

Tools & Technologies : Python, OOP

- Developed a command line restaurant reservation and order management application using Python with a user friendly menu driven interface.
- Implemented customer registration, table reservation, food ordering and automated bill generation with GST calculation.
- Applied Object Oriented Programming (OOP) concepts to organize the application into reusable and maintainable modules.

EDUCATION

Bachelor of Technology (Information Technology)

Nandha Engineering College, Tamil Nadu

2022 – 2026 | CGPA: 7.7
